

# B Law & Tax: 20 years of excellence and international growth

For B Law & Tax, celebrating its 20th anniversary means recognising a journey built on technical excellence, specialisation, and the trust of its clients. Over the past two decades, the firm has developed a distinctive approach to legal and tax advisory services, combining technical expertise with an informed, practical understanding of its clients' needs. Today, the firm advises domestic and international clients on a wide range of cross-border legal and tax matters.

This anniversary coincides with a significant milestone in the firm's history. B Law & Tax has once again been

recognised by **Chambers & Partners** in the *Chambers High Net Worth 2026 Guide* within the **Private Wealth Law** category for Spain, and managing partner

[Inmaculada Pineda](#) was personally recognised again for advising high-net-worth individuals, family businesses, and private clients. The firm and its tax practice team were also ranked in the 2026 *Chambers Europe Guide*, confirming their expertise in complex domestic and international tax matters.

These achievements are complemented by the integration of **B Law & Tax into Caro & Asociados**, marking the beginning of a new chapter. This step

broadens the firm's capabilities and international reach, strengthening its ability to support clients with interests across Spain and Latin America and to deliver coordinated solutions in cross-border matters.

This new phase does not mean leaving behind the B Law & Tax identity built over 20 years. The firm's commitment to personalised service, direct partner involvement, and excellence remains at the

core of its value proposition, now reinforced by enhanced legal, tax, and international capabilities.

“These twenty years are the result of the talent of our team and the trust our clients have placed in us. We are entering this new stage with the ambition to grow without losing our essence, strengthen our presence across Spain and Latin America, and further expand our ability to support clients with international and cross-border needs,” says Managing Partner Inmaculada Pineda.

Looking ahead, B Law & Tax remains firmly committed to its participation in **XLNC**, collaborating with other member firms to foster international collaboration and strong relationships. Through XLNC and its integration into Caro & Asociados, the firm continues to enhance its ability to support clients with international interests while preserving the proximity, specialisation, and trust that have defined its

trajectory for the past 20 years.
